SUMMARY

Software Engineering senior at UC Irvine with hands-on experience across Deloitte, ByteDance-related consulting, and an AI startup. Combines SQL/data analysis, product testing, user research, business analysis, and cross-functional execution to turn data and user needs into practical product and growth decisions.

EXPERIENCE

Digital Consulting Intern | Deloitte

Jun 2026 - Aug 2026

Client projects for ByteDance and Moji Weather

- Built SQL-based data views from raw source tables, applying region-, node-, and time-based filtering logic to support structured business analysis.
- Developed automated SQL workflows/tasks to streamline recurring data-processing and reporting operations.
- Analyzed project performance and translated data insights into strategic recommendations; selected recommendations were adopted by the client.
- Supported digital transformation work through data cleaning, Python source-code fixes, and interactive data visualization; coordinated intern workstreams, milestones, and cross-functional delivery.

Creative Content Intern | Cookiy AI

Nov 2025 - Mar 2026

AI voice and agent user-research product

- Supported product iteration by testing features, documenting bugs and UX issues, consolidating user requirements, and coordinating feedback with technical and operations teams.
- Managed global social media content and supported website SEO through keyword strategy and iterative content improvements, strengthening user engagement and organic visibility.

Marketing Intern | Beijing Changfeng Jinding Technology Co., Ltd.

Jun 2024 - Sep 2024

- Conducted competitive analysis on 3 global industry players and delivered formal research reports to support business and market decisions.
- Supported international client communication and exhibitions through bilingual product materials, cross-cultural communication, and on-site coordination.

Sales Consultant Intern | Tory Burch

Jul 2023 - Sep 2023

- Served 30+ daily customers and built long-term relationships with 8 high-value repeat clients.
- Ran the brand Xiaohongshu account; 3 featured posts generated 8,000+ views and 200+ new followers.
- Supported in-store marketing campaigns that contributed to a 40% increase in store foot traffic.

EDUCATION

University of California, Irvine

Sep 2026 - Jun 2027

B.S. in Software Engineering

Beijing Information Science and Technology University

Sep 2023 - Jun 2026

B.A. in Translation, Minor in Management

LEADERSHIP & PROJECTS

Director of Sports Department | College Student Union

Sep 2023 - Jun 2025

- Organized large-scale sports events for 500+ participants; optimized an online registration system and reduced error rate from 15% to 3%, earning a Best Creativity Award.
- Collected feedback from 180+ users, improved event design, and increased participation by 28% with a 92/100 satisfaction score.
- Led an 8-member team; department recognized as an Excellent Student Organization.

Project Leader | Freshman Enrollment Optimization Project

Aug 2024 - Sep 2024

- Surveyed 300+ freshmen and identified 8 core pain points in the onboarding process.
- Redesigned the registration workflow, cutting average wait time from 120 to 60 minutes with 95% process coverage.
- Submitted 10 optimization proposals, all officially adopted into college operating standards.
